

# Model FDL 115 | Safety drying chambers for limited quantities of solvent

The BINDER FDL 115 with silicone and dust-free inner chamber, as well as symmetric airflow dries specimens containing solvents and thus this safety drying oven meets all EN 1539 requirements.

#### **BENEFITS**

- Safety concept meets the DIN EN 1539-2010-08 standard
- Short drying time with high temperature accuracy and defined ventilation
- · Silicone free and dust-free inner chamber
- · Replaceable fresh air cartridges are easy to change and ensure constant fresh air quality

Model 115

Model 115

#### IMPORTANT FEATURES

- Temperature range: +10°C above ambient temperature to +300°C
- APT.line™ preheating chamber technology
- Controller with time-segment and real-time programming
- 2 chrome-plated racks
- Fresh-air monitoring with audible and visual alarm and automatic deactivation
   of heating
- Replaceable filter cartridge, Class M6

- Class 2 independent adjustable temperature safety device (DIN 12880) with visual alarm
- Computer interface: RS 422
- Optional door gasket made from silicone with limited solvent resistance for use at up to 300  $^{\circ}\text{C}$

#### ORDERING INFORMATION

All technical data is specified for unloaded units with standard equipment at an ambient temperature of  $\pm 20^{\circ}$  C  $\pm 3^{\circ}$ C and a power supply voltage fluctuation of  $\pm 10^{\circ}$  %. The temperature data is determined in accordance to BINDER factory standard following DIN 12880, observing the recommended wall clearances of 10 % of the height, width, and depth of the inner chamber. Technical data refers to 100 % fan speed. All indications are average values, typical for units produced in series. We reserve the right to change technical specifications at any time.

## DIMENSIONS Incl. fittings and connections [mm]

## **SERVICES**

| Designation                                  | Description   | * | ArtNo.    |
|--|---|---|-----------|
| Calibration services                         |   |   |           |
| Calibration castificate to                   | Calibration of one (1) test temperature specified by the user in center of chamber, including certificate   | - | DL30-0120 |
| Calibration certificate, temperature         | Extension of calibration of one (1) additional test temperature specified by the user in the center of the usable space, including certificate  | - | DL30-0102 |
| Measurement of air exchange rate             | including certificate (in accordance with ASTM D <sub>5374</sub> )  | - | DL33-0000 |
| Temperature measurement, 9 measuring points  | Temperature measurement with 9 measuring points with a set value specified by the user, including certificate   | - | DL30-0109 |
| Temperature measurement, 18 measuring points | Temperature measurement with 18 measuring points with a set value specified by the user, including certificate  | - | DL30-0118 |
| Temperature measurement, 27 measuring points | Temperature measurement with 27 measuring points with a set value specified by the user, including certificate  | - | DL30-0127 |
| Installation services                        |   |   |           |
| Unit commissioning                           | Connect the unit to the customer-side connections (electricity, water, wastewater, gas), basic functions check, brief operating instructions. (excl.: unpacking, setup, controller instructions, programming, installation work)  | - | DL10-0100 |
| Unit instructions                            | Instruction regarding operating principle and basic functions of the unit, operation of the control electronics including programming   | - | DL10-0500 |
| Maintenance contracts                        |   |   |           |
| BRONZE 3-year maintenance contract           | Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts  | - | DL20-0720 |
| GOLD 3-year maintenance contract             | Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts, testing of all key functions, replacement of wear parts, calibration of one test temperature specified by the user in the center of the usable space, including certificate | - | DL20-0985 |
| SILVER 3-year maintenance contract           | Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts, testing of all key functions, calibration of one test temperature specified by the user in the center of the usable space, without certificate                              | - | DL20-0810 |
| Maintenance services                         |   |   |           |
| Maintenance                                  | One-off maintenance service in accordance with maintenance schedule. Visual inspection of mechanical and electrical components, testing of all key functions. Calibration of a test temperature specified by the user in center of usable space without certificate   | - | DL20-0602 |
| Validation services                          |   |   |           |
| Execution of IQ/OQ                           | Execution of IQ/OQ in accordance with qualification folder  | - | DL40-0100 |

| Designation               | Description  | * | ArtNo.    |
|---------------------------|--|---|-----------|
| Execution of IQ/OQ/PQ     | Execution of IQ/OQ/PQ in accordance with qualification folder                      | - | DL44-0500 |
| Warranty service          |  |   |           |
| 1-year warranty extension | The warranty is extended by 1 year from the delivery date, wear parts are excluded | _ | DL50-0010 |
